

Format Bars - Pages

Word Processing

This screenshot displays the top portion of a word processing application, featuring several format bars and panels. At the top is a main format bar with icons for undo, redo, font face (Helvetica), font weight (Regular), font size (18), color (red), and text color (a). Below this are several smaller bars and panels:

- Paragraph Styles:** A vertical list on the left showing styles like Free Form, Body, Caption, and Title.
- Font Face:** A dropdown menu showing various fonts including Helvetica, HebrewParticipar, Hei, Hello Larry, Helvetica CY, Helvetica Neue, and Hemi Head 426.
- Font Weight:** A dropdown menu showing options like Regular, Narrow, Narrow Bold, Oblique, Bold, and Bold Oblique.
- Font Size:** A numeric input field with a dropdown showing sizes 11, 12 (selected), 13, and 14.
- Text Color:** A color selection bar with a dropdown showing 'a' and a 'Show Colors' button.
- Text Color Picker:** A 12x12 color grid with a 'Show Colors' button at the bottom.
- Text Style:** A bar with icons for Bold (B), Italic (I), and Underline (U).
- Text Alignment:** A bar with icons for left, center, right, and justified alignment.
- Line Spacing:** A bar with a dropdown showing '1.0' and a 'line-spacing' label.
- Columns:** A bar with icons for 1, 2, 3, and 4 columns.
- List Styles:** A bar with a dropdown showing 'None', 'Bullet', '1. Harvard', '1. Legal', and '1. Numbered List'.

Graphics

This screenshot displays the top portion of a graphics application, featuring several format bars and panels. At the top is a main format bar with icons for undo, redo, stroke width (1 pt), fill color (green), and options for Opacity (100%), Shadow, Reflection, and alignment (Inline, Floating). Below this are several smaller bars and panels:

- Stroke Width:** A bar with a dropdown showing '1 pt' and a 'Show More...' button.
- Stroke Style:** A bar with a dropdown showing 'None', '0.25 pt', '0.5 pt', '1 pt' (selected), '1.25 pt', and '1.5 pt'.
- Fill Color:** A bar with a dropdown showing 'Fill: green' and a 'Show Colors' button.
- Color Picker:** A 12x12 color grid with a 'Show Colors' button at the bottom.
- Adjust Image:** A panel with sliders for Brightness, Contrast, Saturation, Temperature, Tint, Sharpness, and Exposure, along with a histogram and 'Enhance' and 'Reset Image' buttons.
- Image:** A central image of a red tulip flower with a semi-transparent mask overlay.
- Image Properties:** A bar with a dropdown showing 'Opacity: 100%', checkboxes for 'Shadow' and 'Reflection', and buttons for 'Inline' and 'Floating'.
- Image Mask:** A bar with an 'Edit Mask' button.
- Image Alignment:** A bar with icons for alignment and a 'None' button.
